Assistant Commissioner for Patents
Washington, D.C. 20231

RECEIVED

MAR 26 2001

OFFICE OF PETITIONS

Sir:

1. My name is Thomas B. Haverstock. I am a patent attorney. I represent Synopsys, Inc. in its patent matters, including preparation and prosecution of patent applications. I have personal knowledge of the following facts.

2. On August 13, 1999, I filed, on behalf of Synopsys, Inc., a provisional application Serial No. 60/148,822 entitled METHOD AND APPARATUS FOR MODELING USING HARDWARE-SOFTWARE CO-VERIFICATION ENVIRONMENT. A copy of the filing receipt for this provisional application is hereto attached as Exhibit 1. This provisional application named Bruce Harmon, Michael Butts, Gordon Battaile, Kevin Heilman, Levent Caglar, Raju Machala, Larry Carner, Kamal Varma, as inventors.

3. On August 11, 2000, I filed on behalf of Synopsys, Inc. the above-captioned patent application Serial No. 09/637,984 entitled METHOD AND APPARATUS FOR MODELING USING HARDWARE-SOFTWARE CO-VERIFICATION ENVIRONMENT. A copy of the filing receipt of this application is hereto attached as Exhibit 2. As evidenced by the filing receipt, this application claims priority of the provisional application Serial No. 60/148,822.

4. On October 23, 2000, I received the Notice to File Missing Parts of Nonprovisional Application, which is attached hereto as Exhibit 3.

5. We were unable to make contact with the inventor, Raju Marchala. We diligently worked with the in-house legal staff at Synopsys, Inc. in an attempt to locate Mr. Marchala and obtain his signature on the declaration.

6. On January 30, 2001, I sent the letter hereto attached as Exhibit 4 to Raju Marchala to the address supplied by Synopsys, Inc.'s in-house legal staff. To this letter I attached formal documents, including a Declaration/Power of Attorney and and Assignment document, and a copy of the patent application as filed.

7. On February 12, 2001, I received the returned letter on which it is stamped "Moved, Left No Address." A photocopy of the returned envelope is attached hereto as Exhibit 5.

I declare that all statements made herein of my own knowledge are true and that all statements made herein on information and belief are believed to be true. Further, these statements were made with the knowledge that willful false statements and the like are punishable by fine and imprisonment or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this declaration is directed.

Respectfully submitted,
HAVERSTOCK & OWENS LLP

LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "FOREIGN FILING LICENSE GRANTED" followed by a date appears on the reverse side of this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.11. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations, especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR Parts 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "FOREIGN FILING LICENSE GRANTED" DOES NOT appear on the reverse side of this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

PLEASE NOTE ---- The Following Information about the Filing Receipt:

The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.

The words "new," "improved," "improvement," "improvements in or relating to" are not included as the first words in the title of an application because a patent application is, by nature, a new idea or improvement.

The title may be truncated if it consists of more than 4 lines of 70 characters each (letters and spaces combined).

The inventor information may be truncated if the family name consists of more than 25 characters (letters and spaces combined) and if the given name consists of more than 25 characters (letters and spaces combined). The inventor's residence allows for up to 40 characters (letters and spaces combined).

The docket number allows a maximum of 12 characters.

If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."

Customer Address may have been modified to conform to U.S. Postal rules.

Please direct correction, including a copy of your Filing Receipt, to:

Receipt is acknowledged of this Provisional Application. This Provisional Application will not be examined for patentability. Be sure to provide the PROVISIONAL APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Customer Service Center. Please provide a copy of this Provisional Application Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts of Application" ("Missing Parts Notice") in this application, please submit any corrections to this Filing Receipt with your reply to the "Missing Parts Notice." When the PTO processes the reply to the "Missing Parts Notice," the PTO will generate another Filing Receipt incorporating the requested corrections (if appropriate). This Provisional Application will automatically be abandoned twelve (12) months after its filing date and will not be subject to revival to restore it to pending status beyond a date which is after twelve (12) months from its filing date.
